Hoosier, 27, Admits Brutal Murder Of 4-H Club Child, 11

Girl's Body Found In Small Ravine On Golf Course

ATTICA, Ind., July 24 — Tom Boyce, 27-year-old father of three young children, broke down today after hours of grilling and confessed the brutal attack-murder of Elizabeth Debrucker, 11, state police announced.

The child's body was found Saturday afternoon in a small ravine on the Harrison Hills Country Club golf course, where Boyce was grounds keeper.

The state police announcement quoted Boyce as admitting he ravished the child, then threw her into the water-filled ravine. Then, to make sure she was dead, Boyce was alleged to have said, he took the girl's body from the water and choked her.

When found by volunteers after an all-night search, the body had been hastily concealed by a few inches of dirt. The cloth belt of the girl's dress had been knotted about her throat.

Permitted to See Family

Authorities stated Boyce's only request after confessing was that he be permitted a final visit to his wife and children in Attica. This request was granted and Boyce then was jailed at Indianapolis.

Boyce's removal to Indianapolis was made secretly in fear of mob violence against him.

When Boyce was first arrested for questioning Saturday night, an angry crowd of some 300 persons gathered around the jail and during the night he was taken to Lafayette, Ind., for safe-keeping.

Three years ago Boyce was given a suspended sentence for annoying a nine-year-old girl. Elizabeth, daughter of a prosperous farmer living near Attica, disappeared Friday after attending a 4-H club meeting here. The search for her got under way when she failed to keep an appointment with her elder sister for a swim in the country club's pool.

LOAN FOR PEACE UPSETS BRITISH

Trade Clerk Threatens To Cause Sensation If Forced To Quit

LONDON, July 24—A threat to "tell all before Commons" if he is obliged to resign was voiced today by Robert S. Hudson, secretary of the overseas trade department, and confessed author of what the British government disavowed as a "fantastic" plan to offer Chancellor Hitler a \$5,000,000 loan in return for peace.

Prime Minister Neville Chamberlain summoned a special meeting of his cabinet ministers at 10 Downing street, at which it was understood, the Hudson affair was discussed.

Chamberlain marshalled his forces in readiness for a bombardment of questions in Commons.

Laborite Arthur Greenwood had already posted notice he intended questioning the prime minister concerning the Hudson "peace plan."

Hudson, meanwhile, stated that: "If I resign I shall tell all before the House of Commons."

British re-armament and general all round war preparedness also were slated for review by the cabinet.

Present at the session were Sir Robert Vansittart, permanent under-secretary of state; Viscount Gort, chief of the imperial general staff, and Chief of the Air Staff Cyril Louis Norton Newall as well as the defense ministers.

Negro Named By Officers As Only One Involved In Crawford Murder

OTHER "SUSPECT" FREED

Thorough Investigation Of Guilty Man's Story Closes Case

The book was closed Monday on the Noble Crawford murder case with Lonnie Toles, 37, named by authorities as the killer and only person involved in the May 14 stabbing, lodged behind the bars of Ohio penitentiary. Toles will serve a one-to-20-year term after a plea to a manslaughter charge. His plea came after a jury hearing second degree murder charges was dismissed when Frank Collett, No. 9 juror, was hurt seriously in an automobile accident. The manslaughter plea was accepted by the State.

A Virginia Negro, charged by Toles as the actual killer of the Hocking countian, was released Saturday night after extensive questioning failed to produce anything incriminating against him. He was questioned with Toles and separately. Officers conducting the investigation declared that his account of his activities during May 14, the fatal day, were thoroughly checked and found to be true.

"Toles' account of the stabbing in which he involved this other man is entirely false," one of the officers said. "We believe that Toles murdered Mr. Crawford without any help." Crawford was stabbed 18 times with his own penknife. Toles had said that he held Crawford while the other man stabbed him.

Deputy Sheriff Earl Weaver and Chief McCrady conducted the investigation that followed Toles' fabricated account of the murder.

"This case is completed as far as we are concerned," the investigators declared.

Toles was taken to Columbus by McCrady and Deputy Miller Fissell.

EAST SUFFERING FROM DRY SPELL

Drought Sweeps Big Area; Cattle Dying; Price Of Milk Going Up

By International News Service

Scattered thundershowers forecast for today brought scant comfort to farmers throughout the northeastern section of the United States, many of whom have abandoned all hope of saving their valuable crops from the ravages of the July drought.

Only a steady rain of several days duration can ameliorate to any perceptible extent the damage already wrought in New England, New York, Pennsylvania, New Jersey and Maryland, according to farm officials.

A weekend report from the New Jersey state department of agriculture painted the situation there in alarming terms. Driven crazy by thirst, cattle in some sections are stampeding in search of water, the report declared. Farmers in Sussex county are working in night and day shifts digging wells. The hay crop is down a third and a rise in the price of milk because of curtailed production is imminent, according to New Jersey officials.

GLACIER, Wash., July 24—Weary from a two-day search, a party of 15 forestry service men and veteran mountain climbers today again trudged the steep slopes of Mt. Baker, hoping to recover the bodies of four members of a college scaling party.

Six lives were lost Saturday when a huge avalanche of rock and snow—described as six average city blocks long and more than 100 feet wide—thundered down on a party of 13 men and 12 women. Most of them were Summer students at the Western Washington College of Education at nearby Bellingham.

Two bodies were recovered by the searching party yesterday. One was that of Alice James, 22, of Arlington, Wash.; the other, Julius Dornblutt, 27-year-old Seattle school teacher.

Word of the recovery of the bodies of Dornblutt and Miss James was flashed to Glacier 12 miles from the scene of the tragedy, by portable short wave radio. The bodies later arrived on pack horses.

One of the lookouts at this Northwestern Washington mountain attributed the slide to heavy rain and warm weather Friday and Saturday following a fresh snow fall.

Of the party of 25 on the annual college climb, only three in the lead escaped being carried away by the force of snow and rock.

"The hikers had only a fraction of a minute warning," said Dr. C. H. Fisher, president of the college, who came to Glacier to meet the survivors. "They didn't have a chance to fight it or escape it."

WIFE OF DOCTOR SHOT TO DEATH BY MYSTERY MAN

BENTON, Ill., July 24—A wide police search was under way today for the mysterious intruder who early yesterday shot and killed Mrs. Nancy Gore after breaking into a glass-enclosed porch where the 45-year-old woman had been asleep with her husband, Dr. George W. Gore.

Dr. Gore, widely known surgical specialist, told police he and his wife had been awakened by crashing glass and that Mrs. Gore had stepped out of bed to investigate when the intruder fired five bullets into her body. The 65-year-old physician said he had rolled out of bed to the floor, fearing that if he stood up he would make too good a target for the killer.

The surgeon said he could not suggest a motive for the killing and that although he had a large sum of money hidden on the porch near his bed the killer did not try to enter.

Neighbors told police of hearing the shots and seeing a man running toward an automobile a block from the Gore home. Detectives said they found footprints.

AUTO IN RIVER CREATES PUZZLE AT CINCINNATI

CINCINNATI, July 24 — Discovery of an automobile in the Ohio river in Cincinnati sent police today on a search for its missing owner, identified as John M. Brown, of Terre Haute, Ind.

Brown's son, Keith, 23, of Peoria, Ill., arrived to aid in the hunt. He told police his father had \$1250 with him when he left Terre Haute after disposing of his interest in an inn there. Young Brown expressed fears that his father may have fallen into the hands of robbers.

A thorough check of all hotels (failed to reveal a trace of Brown or the luggage and business papers he supposedly had with him. His car was equipped for sleeping.

The son said he last heard from his father when he received a postcard mailed July 16 at Henderson, Ky., stating that he was "selling out everything."

The missing man's divorced wife, Mrs. Georgia C. Brown, lives in Norfolk, Va. A daughter, Jean, is a nurse in Chicago.

SALE OF HOTEL ANOTHER ANGLE IN NEW SCANDAL

Principals In New Orleans Trouble Face Court In Arraignment

NEW ORLEANS, July 24—Louisiana, rocked by the biggest political scandal in its history, today awaited new revelations as investigating officials, federal and state, delved into hidden angles of the great graft expose which is gradually unfolding.

Fourteen persons are under arrest, new indictments are pending, politicians are quitting their jobs, public sentiment is at white heat, and the city and state is buzzing with stories of brazen graft on the part of officials who came into power after the assassination of Senator Huey P. Long.

Five of those so far arrested were scheduled to be arraigned in federal court today. They include Dr. James Monroe Smith, whose sudden resignation as president of the Louisiana State university "broke" the scandal, and Seymour Weiss, New Orleans hotel owner, who used to be Huey Long's confidante and treasurer for the Long political machine.

Dr. Smith and Weiss are allegedly involved in "the Bienville hotel deal." According to a federal indictment, Smith, Weiss, Monte Hart, a wealthy contractor; Louis C. Lesage, an ex-oil company executive, and J. Emory Adams, a nephew of Mrs. Smith, fleeced Louisiana State university out of \$75,000 by a bogus sale of hotel fixtures.

The sale of the fixtures followed the legitimate sale of the Bienville hotel in New Orleans to Louisiana State university for \$575,000 in December, 1936. The indictment charges that although the act of sale included all equipment and furnishings, the five men named later resold the fixtures to the university for \$75,000 and split this sum among themselves.

Smith is alleged to have received \$14,000; Weiss \$16,500; Hart approximately \$19,000; Lesage \$5,500 and Adams \$11,000. The remaining amount remained with the National Equipment company through which the sale was made.

GOVERNOR SAYS HE'LL CARRY ON LIQUOR, SIN WAR

ROYAL OAK, Mich., July 24—Governor Luren D. Dickinson said today he will continue his crusade against "liquor and sin" because, despite widespread criticism, "God told me I was doing all right."

The 80-year-old governor, for decades a leader in Michigan's Anti-Saloon league, spoke to 2,000 at an interdenominational religious rally outdoors last night.

He said:

"I don't worry and haven't since I entered office. When I heard of the criticism some people were making because I told of the things I saw at the governor's conference in New York I went into my chamber and talked with God.

"He said I was doing all right and I went to bed that night and slept better than I ever have before. God is always near me and I am not going to back down one inch."

The governor explained his publicized "pipeline to God," comparing it to a public utility service available to anyone who wants the connection. "There is a pipe line to God," he said, "but if you make no attempt to make a connection with God you will drift away like the clouds."

DEAD PROFESSOR FOUND IN DINGY ROOM OF HOTEL

BOSTON, July 24—The unclad body of a man identified as Professor Stuart Johnston, 38, of West Texas Teachers College, was found in a dingy room in a north end rooming house today.

Death was apparently from natural causes, officials said, but an investigation was started by the medical examiner's office.

Notified by wire of her husband's death, Mrs. Johnston, in Canyon, Texas, telephoned to Boston police and at first denied the body was that of her husband.

"That could not possibly be my husband," she told police. "He is not within 1,000 miles of Boston."

She was informed, however, that Edward M. Maisel, Cambridge, a Harvard student and close personal friend of Professor Johnston, had positively identified the body. A tie clasp with the initials C. S. J. was found in the room. Maisel said professor Johnston arrived in Boston two weeks ago. He registered at the rooming house July 13. Danzig Protests Border Trouble

DANZIG, July 24—An official German news agency DNB dispatch today stated that a Polish army patrol crossed the free city border near Renneberg at 2:30 a. m. and opened fire on Danzig border guards.

The Danzig soldiers, the dispatch said, replied to the fire from the Polish troops who immediately retreated into their own territory.

It was not known, the report said, whether there had been any casualties.

Protest Launched

A vigorous protest was immediately drafted by the Nazi Danzig senate and dispatched to Warsaw, DNB added.

The protest, it was learned, demanded that "serious border violations be stopped with efficient measures by the Polish government."

DEAD PROFESSOR FOUND IN DINGY ROOM OF HOTEL

BOSTON, July 24—The unidentified body of a man identified as Professor Stuart Johnston, 38, of West Texas Teachers College, was found in a dingy room in a north end rooming house today.

Death was apparently from natural causes, officials said, but an investigation was started by the medical examiner's office.

Notified by wire of her husband's death, Mrs. Johnston, in Canyon, Texas, telephoned to Boston police and at first denied the body was that of her husband.

"That could not possibly be my husband," she told police. "He is not within 1,000 miles of Boston."

She was informed, however, that Edward M. Maisel, Cambridge, a Harvard student and close personal friend of Professor Johnston, had positively identified the body. A tie clasp with the initials C. S. J. was found in the room. Maisel said professor Johnston arrived in Boston two weeks ago. He registered at the rooming house July 13. Maisel said he saw Johnston Sunday and he appeared in good health.

FORBIDDEN GUN PRACTICE KILLS BOY, 10, AT HOME

SANDUSKY, July 24—Forbidden rifle practice at the Erie county children's home, Sandusky, today had taken the life of 10-year-old Charles Voltz.

The Voltz boy was struck in the chest by a bullet from a .22 caliber rifle in the hands of William Hauser, 16, who was lying on the ground shooting at a tree when the accident happened. The boys had slipped the gun from the home without the knowledge of the matron.

Taken to a hospital, young Voltz died despite a blood transfusion given him as a last resort.

MANY REQUEST F. D. R. TO VETO HATCH MEASURE

WASHINGTON, July 24—In spite of its passage by an overwhelming vote in both branches of congress, a group of Democratic members of congress today beseeched President Roosevelt to veto the Hatch bill.

The measure, which is designed to halt perversion of relief to political uses and curb activity of government employes in politics, is regarded as one of the most far reaching bills of its kind ever enacted.

Direct appeals to the President were to be made to veto the bill on the ground that it denies government employes their constitutional right to take part in politics. Foes of the measure contended that it is an invasion of civil liberties.

The bill, it is known, was opposed by Mr. Roosevelt in the form in which it passed. He supported amendments approved by the house judiciary committee—but rejected by congress—which would have permitted government employes in administrative and supervisory positions to participate in politics.

AIR RACES MAY SEE NEW SPEED RECORDS MADE

Thompson, Bendix And Greve Events Expected To Bring Marks

JACKIE COCHRAN READY

Cleveland Scene Of Huge Event In September; Cash Available

CLEVELAND, July 24 — New records in the three major speed events are expected in the 1939 National Air Races, to be held September 2, 3 and 4 at the Cleveland Municipal Airport.

The records probably will be broken for the simple reason that the airplanes will be faster in the Thompson Trophy Race, the Bendix Trophy Race and the Greve Race. In the case of the closed course events, the Greve and the Thompson, new records were set last year.

Jacqueline Cochran, of New York, who won the Bendix Race from Los Angeles last year, is turning up a newer and faster ship, a Curtis plane similar to the fastest pursuit ships used by the army. Frank Fuller, of San Francisco, 1937 winner, promises to put on all possible pressure to recapture the cross-country event for the men. In addition, several new ships are reported readying for the Bendix.

Set to Break Record

The Thompson was won last year by Col. Roscoe Turner of Chicago in a Peco Special at 283.419 miles per hour. Turner has the same ship this year, but he has been test flying it with a new and larger engine and reports the plane 25 miles an hour faster. Last year he amazed the engine manufacturers by getting 1,400 horsepower out of an engine designed for 1,000. The new engine is rated at 1,400 to begin with.

There are, in addition, several ships that never got a real work-out last year. One, Mr. Smoothie, a job with a liquid cooled, 12-cylinder engine, has been rebuilt and the bugs removed, and should be one of the fastest ships in the race. The pilot has not been designated.

Art Chester of Los Angeles has told race officials that his Goon is materially faster than it was last year, when he fought it out neck and neck with Tony LeVier of Los Angeles in the Greve. The Goon was a new ship in 1938 and never developed the speed Chester expected. And Steve Wittman, the perennial contender from Oshkosh, Wis., will be around with one of his amazingly fast home made jobs, although it is rumored that Steve can be prevailed upon to fly a fast ship he didn't make himself this year.

1938 Winner to Compete

LeVier, who finally won out at 250.88 miles an hour in the Greve Race, for planes with limited engines, will be back with his Schoenfeldt Firecracker, and so will a host of other of the speed merchants who make the competition real every year.

There are several changes in race rules this year. One that has the pilots complaining is that requiring them to have finished test flying before qualifying trials begin August 28th. The rule specifies that only minor repairs can be made after that time.

In addition, the qualifying times have been stepped up—in the Thompson from 220 to 240 miles per hour, and in the Greve from 200 to 220. Both must be two laps over the regulation course.

Distances and prizes remain the same. The Bendix draws \$20,000, with the winner taking \$9,000 and possibly \$2,500 more if he flies on to Bendix, N. J., to break the transcontinental Bendix record.

The Thompson, 300 miles over a ten-mile course, has prize money of \$37,500, with \$16,000 for the winner and the \$2,000 Allegheny Ludlum award if the record is broken. The Greve, open to ships with engines of 549 cubic inches or less displacement, has a total purse of \$20,000, with \$8,000 for the winner. The Thompson is open to engines of any size.

SPECIAL CONFAB OF COUNCILMEN SET AT 8 P. M.

then finally held leisurely hearings.

These dragged out interminably. The State Department knew that the cash and carry provisions of the Neutrality Bill expired on May 1, but the career boys did nothing. Secretary Hull was once a member of the Senate, is reversed and respected by his ex-colleagues. They listen to him more than some other Cabinet members. But weeks dragged by and nothing happened.

Came June with the congressional session almost over. By this time the State Department, really worried, went to Sol Bloom, whom they despised and whose succession to the chairmanship of the House Foreign Affairs Committee Hull once tried to block. Now the hitherto scorned Mr. Bloom got action. He took the bill away from Senator Pittman and put the Neutrality Bill up to the House.

This fact, however, made Pittman sore. He sat back and procrastinated further. In the end, his committee smothered Neutrality by a margin of one vote. The bill was never allowed to get to the Senate.

The little band of isolationists hailed this as a tremendous victory. But they knew better. Victory went to them by pure procrastinating default. Neutrality has lost because Hull had waited too long. It was the end of Congress and everybody wanted to go home.

FATHER COUGHLIN

Father Coughlin is quietly expanding his time and coverage on the air.

Through Aircasters, Inc., a mysterious Detroit agency, he is contracting for daily quarter and half hour periods on a large number of stations. So far he had a network of 48 stations. The largest single group is the Yankee network with 15 stations.

The daily broadcasts, in the form of news reports "from a social justice standpoint", are transmitted

TWO KILLED AS LIGHTNING HITS COUNTRY CLUB

JACKSON, Miss., July 24—Two persons were dead and a dozen others were recovering from shock today following a terrific lightning storm that struck with full force yesterday on the crowded fairways of the Jackson Country Club.

Those killed by lightning bolts were Tom Burkitt, 36, a prominent business man, and his caddy, Henry Robinson, a Negro.

John Overton, nephew of Mayor Watkins Overton of Memphis, Tenn., and Jack Harding, a Jackson druggist, also were struck by bolts but were reported out of danger after being revived by artificial respiration.

Witnesses said at least 15 persons were bowled over during the storm.

There are 50,000 different types of insects and on a hot Summer night they all seem to be just varieties of mosquitoes.

Who is financing this expensive activity is a closely guarded secret. The radio priest claims that the money is coming from his listeners and Social Justice subscribers. In recent Sunday broadcasts he has urged his hearers to subscribe to the magazine.

Aircasters, Inc., is a one-man agency controlled by Coughlin and handles no other broadcasts but his.

The manager is Stanley Boynton, who directed WJR, the Detroit station on which Coughlin got his start as a radio speaker. A significant feature of the agency is the fact that it never writes a letter to radio stations but transacts all business by long distance phone from Detroit.

Another interesting angle is that time for Coughlin's new daily programs are being booked in the name of his Social Justice organization.

This is apparently a precautionary stratagem to sidestep the recent adopted broadcasting code which bars members of the cloth from broadcasting attacks on other creeds or races. The three major radio systems, National, Columbia and Mutual, have refused to sell Coughlin any radio time under their own codes. These codes prohibit the dissemination of racial propaganda.

A recent issue of Social Justice declared that the radio priest was being barred from the air by "subversive interests."

HAM FISH

Just before departure of the seven o'clock train for New York, the giant form of Congressman Ham Fish strode across the concourse, headed for Gate 16. Colonel Pat Hurley, former Secretary of War, was waiting for his wife to arrive on another train. He saw Fish coming, and held out his hand.

"Hello, Ham," he said, "I'm glad to see you."

Fish stopped short, and beamed. "Well, I'm glad to see you, because I'm looking for somebody to touch. I'm going to New York and I need a dollar."

"Sure thing," said Hurley, pulling out his wallet. "Here, take five."

"No, just one. That's all I need. I just found myself a little short."

So the former Secretary of War (Republican) lent the Republican Congressman, scion of a famous New York family, and graduate of Harvard University, a dollar to get home.

Limbach Seeks National Speaker for Dem Rally

COLUMBUS, July 24—In an effort to secure all-star political talent from the Washington stage to enliven Saturday's statewide Democratic rally at the Fairgrounds, State Democratic Chairman Arthur L. Limbach was to leave for the nation's capital today.

Rebuffed thus far in his endeavor to book anyone of national prominence for the speaker's platform, Limbach said he would carry an appeal direct to President Roosevelt, hoping that the chief executive would instruct one or more of his closest Democratic henchmen to appear in Columbus.

As matters stood today, Limbach was certain that about 25,000 loyal Democrats would turn out for the festivities, calculated to reunite Democracy in Ohio and bind the party solidly for a concentrated move to regain in 1940 what was lost last year.

Davey, Sawyer, Missing

With the exception of Martin L. Davey and Charles Sawyer, unsuccessful Democratic gubernatorial nominee in 1938, every big name in the state has signified his or her intention of coming to the rally to aid in patching up old differences.

Limbach, however, said he was not satisfied with purely local talent, stating that "we need some big names from Washington." The chairman said he would prefer House Speaker Bankhead or Congressman Rayburn as his chief orators, but indicated he would settle for anyone willing to leave the Congressional scene.

Davey, who has spent many days in Columbus during the past month, decided he would go south this week, so the harmony gathering will have to go on without him. Sawyer going to Europe for a brief vacation trip.

But pitching their political tents in the fairgrounds will be at least four men whose names have been prominently mentioned as possible Democratic gubernatorial timber in 1940.

They are Earl H. Hanefeld, Ottawa, former state agriculture director and chairman of the Democratic state central committee; William J. Kennedy, Cleveland, former secretary of state; Clarence H. Knisely, member of the state industrial commission and former state treasurer, and Walter H. Heer, Franklin county Democratic chairman.

Set aside for them and others

who figure prominently in the scheme of things politically will be a "statesman's village" where all may come and inspect the best the party has to offer. In between handshakes, the early candidates will endeavor to ascertain in just what direction the political trade winds blow.

Fireworks Predicted

Limbach, under fire himself the last few weeks, will be faced with a difficult task. He will have to keep jealousy to a minimum, secure the speakers, see that everyone has enough to eat, and hope that the fireworks display, an evening attraction, does not burst out prematurely among warring factions within the party.

CAPITAL WOMAN SAVES TRIO BY PERILOUS SWIM

NEW YORK, July 24—Mrs. Ellis S. Mason of Washington, D. C., was nursing tired and aching muscles today but otherwise the heroine of a thrilling boat rescue "felt fine."

Mrs. Mason swam more than 300 yards to shore to obtain aid for Mrs. Robert M. Daley and Mr. and Mrs. Edwin Sammis who clung for hours to their overturned boat in Peconic Bay.

The four had gone out in the small boat which capsized about 300 yards from shore. Mrs. Mason volunteered to swim for aid.

"Twice, I almost gave up," she admitted. "But, I knew I couldn't, so I just kept going."

The other three were badly battered by the waves before being rescued after a three-hour wait.

The fur industry brought white men to Chicago. And Chicago is today one of the greatest fur markets in the world.

There are several changes in race rules this year. One that has the pilots complaining is that requiring them to have finished test flying before qualifying trials begin August 28th. The rule specifies that only minor repairs can be made after that time.

In addition, the qualifying times have been stepped up—in the Thompson from 220 to 240 miles per hour, and in the Greve from 200 to 220. Both must be two laps over the regulation course.

Distances and prizes remain the same. The Bendix draws \$20,000, with the winner taking \$9,000 and possibly \$2,500 more if he flies on to Bendix, N. J., to break the transcontinental Bendix record.

The Thompson, 300 miles over a ten-mile course, has prize money of \$37,500, with \$16,000 for the winner and the \$2,000 Al-legheny Ludlum award if the record is broken. The Greve, open to ships with engines of 549 cubic inches or less displacement, has a total purse of \$20,000, with \$8,900 for the winner. The Thompson is open to engines of any size.

"Career" at Grand Tuesday, Wednesday

EDWARD ELLIS and Janet Beecher's apprehension is aroused by news brought by Alice Eden that a mob is seeking Ellis because he withdrew his money from the town's shaky bank and precipitated a run—a critical scene from "Career," RKO Radio's absorbing drama of small town life from Phil Stong's novel, introducing Alice Eden and John Archer, "Gateway to Hollywood" finalists and showing Tuesday and Wednesday at the Grand theatre.

The Daily Washington Merry-Go-Round

(Continued from Page Four). then finally held leisurely hearings.

These dragged out interminably. The State Department knew that the cash and carry provisions of the Neutrality Bill expired on May 1, but the career boys did nothing. Secretary Hull was once a member of the Senate, is revered and respected by his ex-colleagues. They listen to him more than some other Cabinet members. But weeks dragged by and nothing happened.

Came June with the congressional session almost over. By this time the State Department, really worried, went to Sol Bloom, whom they despised and whose succession to the chairmanship of the House Foreign Affairs Committee Hull once tried to block. Now the hitherto scorned Mr. Bloom got action. He took the bill away from Senator Pittman and put the Neutrality Bill up to the House.

This fact, however, made Pittman sore. He sat back and procrastinated further. In the end, his committee smothered Neutrality by a margin of one vote. The bill was never allowed to get to the Senate.

The little band of isolationists hailed this as a tremendous victory. But they knew better. Victory went to them by pure procrastinating default. Neutrality has lost because Hull had waited too long. It was the end of Congress and everybody wanted to go home.

FATHER COUGHLIN

Father Coughlin is quietly expanding his time and coverage on the air.

Through Aircasters, Inc., a mysterious Detroit agency, he is contracting for daily quarter and half hour periods on a large number of stations. So far he had a network of 48 stations. The largest single group is the Yankee network with 15 stations.

The daily broadcasts, in the form of news reports "from a social justice standpoint", are transmitted

TWO KILLED AS LIGHTNING HITS COUNTRY CLUB

JACKSON, Miss., July 24—Two persons were dead and a dozen others were recovering from shock today following a terrific lightning storm that struck with full force yesterday on the crowded fairways of the Jackson Country Club.

Those killed by lightning bolts were Tom Burkitt, 36, a prominent business man, and his caddy, Henry Robinson, a Negro.

John Overton, nephew of Mayor Watkins Overton of Memphis, Tenn., and Jack Harding, a Jackson druggist, also were struck by bolts but were reported out of danger after being revived by artificial respiration.

Witnesses said at least 15 persons were bowled over during the storm.

There are 50,000 different types of insects and on a hot Summer night they all seem to be just varieties of mosquitoes.

Who is financing this expensive activity is a closely guarded secret. The radio priest claims that the money is coming from his listeners and Social Justice subscribers. In recent Sunday broadcasts he has urged his hearers to subscribe to the magazine.

Aircasters, Inc., is a one-man agency controlled by Coughlin and handles no other broadcasts but his.

The manager is Stanley Boynton, who directed WJR, the Detroit station on which Coughlin got his start as a radio speaker. A significant feature of the agency is the fact that it never writes a letter to radio stations but transacts all business by long distance phone from Detroit.

Another interesting angle is that time for Coughlin's new daily programs are being booked in the name of his Social Justice organization.

This is apparently a precautionary stratagem to sidestep the recent adopted broadcasting code which bars members of the cloth from broadcasting attacks on other creeds or races. The three major radio systems, National, Columbia and Mutual, have refused to sell Coughlin any radio time under their own codes. These codes prohibit the dissemination of racial propaganda.

A recent issue of Social Justice declared that the radio priest was being barred from the air by "subversive interests."

HAM FISH

Just before departure of the seven o'clock train for New York, the giant form of Congressman Ham Fish strode across the concourse, headed for Gate 16. Colonel Pat Hurley, former Secretary of War, was waiting for his wife to arrive on another train. He saw Fish coming, and held out his hand.

"Hello, Ham," he said, "I'm glad to see you."

Fish stopped short, and beamed. "Well, I'm glad to see you, because I'm looking for somebody to touch. I'm going to New York and I need a dollar."

"Sure thing," said Hurley, pulling out his wallet. "Here, take five."

"No, just one. That's all I need. I just found myself a little short."

So the former Secretary of War (Republican) lent the Republican Congressman, scion of a famous New York family, and graduate of Harvard University, a dollar to get home.

Limbach Seeks National Speaker for Dem Rally

COLUMBUS, July 24—In an effort to secure all-star political talent from the Washington stage to enliven Saturday's statewide Democratic rally at the Fairgrounds, State Democratic Chairman Arthur L. Limbach was to leave for the nation's capital today.

Rebuffed thus far in his endeavor to book anyone of national prominence for the speaker's platform, Limbach said he would carry an appeal direct to President Roosevelt, hoping that the chief executive would instruct one or more of his closest Democratic henchmen to appear in Columbus.

As matters stood today, Limbach was certain that about 25,000 loyal Democrats would turn out for the festivities, calculated to reunite Democracy in Ohio and bind the party solidly for a concentrated move to regain in 1940 what was lost last year.

Davey, Sawyer, Missing
With the exception of Martin L. Davey and Charles Sawyer, unsuccessful Democratic gubernatorial nominee in 1938, every big name in the state has signified his or her intention of coming to the rally to aid in patching up old differences.

Limbach, however, said he was not satisfied with purely local talent, stating that "we need some big names from Washington." The chairman said he would prefer House Speaker Bankhead or Congressman Rayburn as his chief orators, but indicated he would settle for anyone willing to leave the Congressional scene.

Davey, who has spent many days in Columbus during the past month, decided he would go south this week, so the harmony gathering will have to go on without him. Sawyer going to Europe for a brief vacation trip.

But pitching their political tents in the fairgrounds will be at least four men whose names have been prominently mentioned as possible Democratic gubernatorial timber in 1940.

They are Earl H. Hanefeld, Ottawa, former state agriculture director and chairman of the Democratic state central committee; William J. Kennedy, Cleveland, former secretary of state; Clarence H. Knisely, member of the state industrial commission and former state treasurer, and Walter H. Heer, Franklin county Democratic chairman.

Set aside for them and others

who figure prominently in the scheme of things politically will be a "statesman's village" where all may come and inspect the best the party has to offer. In between handshakes, the early candidates will endeavor to ascertain in just what direction the political tradewinds blow.

Fireworks Predicted

Limbach, under fire himself the last few weeks, will be faced with a difficult task. He will have to keep jealousy to a minimum, secure the speakers, see that everyone has enough to eat, and hope that the fireworks display, an evening attraction, does not burst out prematurely among warring factions within the party.

CAPITAL WOMAN SAVES TRIO BY PERILOUS SWIM

NEW YORK, July 24—Mrs. Ellis S. Mason of Washington, D. C., was nursing tired and aching muscles today but otherwise the heroine of a thrilling boat rescue "felt fine."

Mrs. Mason swam more than 300 yards to shore to obtain aid for Mrs. Robert M. Daley and Mr. and Mrs. Edwin Sammis who clung for hours to their overturned boat in Peconic Bay.

The four had gone out in the small boat which capsized about 300 yards from shore. Mrs. Mason volunteered to swim for aid.

"Twice, I almost gave up," she admitted. "But, I knew I couldn't, so I just kept going."

The other three were badly battered by the waves before being rescued after a three-hour wait.

The fur industry brought white men to Chicago. And Chicago is today one of the greatest fur markets in the world.

Today's Fashion

WHITE with a dash of something dark is always flattering. This year white has been splashed with red or tawny brown or tan or yellow, but honors still go to white with a touch of navy. Here is a smart dress and jacket of white triple sheer, set off by a frilly collar and cuffs of white dotted navy taffeta on the jacket. The dress is in one piece with the collarless neckline buttoning simply to the waist. Two high-placed pockets are edged with bands of the navy and a navy belt is worn with it. The skirt is seamed center front and back with quite a lot of flare.

A boogie-woogie rendition of The Maxixe, dance tune made famous by Irene and Vernon Castle, will be one of the highlights of Bob Crosby's Dixieland Song Shop program, Tuesday, July 25, 8:30 p. m. over CBS. Songstress Helen Ward will introduce a brand new Johnny Mercer-Ruby Bloom number titled "Day In, Day Out." Bob Crosby's solo will be "The Lady's In Love," and the Bobcats will send "Coquette," "The Girl Friend" and "Liza" will be offered by the band.

ALEC TEMPLETON
Flying back to Hollywood from the San Francisco Fair, where he will be appearing for a week with Benny Goodman, Alec Templeton

will play an original tune he made up as a test piece for music students at the Royal Academy in London, during his weekly program, Tuesday, July 25, 8:30 over the NBC-Red network. Other features of the program will be Templeton's impressions of any crooner with any band, and a lady ballet dancer singing the "Merry Month of May," which is Alec's pet aversion. An original impression of Walter Damrosch conducting symphony and choir in a rendition of "Three Little Fishes" will be highlighted by the gifted pianist, Templeton's "Swingphony" for the 25th will be "St. Louis Blues." Edna O'Dell will sing "My Ideal" and Billy Mills' orchestra will play a Gershwin medley.

BLONDIE
The Bumsteads will attempt to buy a used car when Blondie takes the air for her regular weekly broadcast Monday at 6:30 p. m. over CBS. The automobile Dagwood tries to buy as a surprise for Blondie and the refrigerator Blondie buys as a surprise for Dagwood make the broadcast a hilarious comedy of errors.

GARDEN-GRAPH

Anchusa, Bleeding Heart and Oriental Poppy can be increased by root cuttings when the foliage indicates that growth has stopped and the plant is entering a dormant period.

As shown in the Garden-Graph, cut a long, fleshy root or roots about two inches long. Plant these pieces in a mixture of half sand and half loam. Cover the cuttings with about two inches of soil and keep moist. The cuttings can be placed in a frame, planted in flower pots out of doors or placed in a basement window. They should be shaded at first.

A crown develops first on the root cutting, after which tiny leaves make their appearance. By making and planting root cuttings now, the new plants can become established before the growing season ends.

Today's Fashion

WHITE with a dash of something dark is always flattering. This year white has been splashed with red or tawny brown or tan or yellow, but honors still go to white with a touch of navy. Here is a smart dress and jacket of white triple sheer, set off by a frilly collar and cuffs of white dotted navy taffeta on the jacket. The dress is in one piece with the collarless neckline buttoning simply to the waist. Two high-placed pockets are edged with bands of the navy and a navy belt is worn with it. The skirt is seamed center front and back with quite a lot of flare.

Nan Wynn and Bob Allen, vocalists, and the Smoothies, WLW.

9:00 If I had the Chance. Mort Lewis, M. C.; Josef Honti's orchestra. Guests: Major Al Williams, aviator; Billy Hill, songwriter, and Charlie Barnett, orchestra-leader, WJZ.

BOB CROSBY

A boogie-woogie rendition of The Maxixe, dance tune made famous by Irene and Vernon Castle, will be one of the highlights of Bob Crosby's Dixieland Song Shop program, Tuesday, July 25, 8:30 p. m. over CBS. Songstress Helen Ward will introduce a brand new Johnny Mercer-Ruby Bloom number titled "Day In, Day Out." Bob Crosby's solo will be "The Lady in Love," and the Bobcats will send "Coquette." "The Girl Friend" and "Liza" will be offered by the band.

will play an original tune he made up as a test piece for music students at the Royal Academy in London, during his weekly program, Tuesday, July 25, 8:30 over the NBC-Red network. Other features of the program will be Templeton's impressions of any crooner with any band, and a lady ballet dancer singing the "Merry Month of May," which is Alec's pet aversion. An original impression of Walter Damrosch conducting symphony and choir in a rendition of "Three Little Fishes" will be highlighted by the gifted pianist. Templeton's "Swingphony" for the 25th will be "St. Louis Blues." Edna O'Dell will sing "My Ideal" and Billy Mills' orchestra will play a Gershwin medley.

BLONDIE

The Bumsteads will attempt to buy a used car when Blondie takes the air for her regular weekly broadcast Monday at 6:30 p. m. over CBS. The automobile Dagwood tries to buy as a surprise for Blondie and the refrigerator Blondie buys as a surprise for Dagwood make the broadcast a hilarious comedy of errors.

GARDEN NOTES

During the hot days window boxes will need frequent watering. An occasional dose of weak liquid manure will stimulate growth of the plants and keep the box looking attractive.

The outside stalks and leaves of rhubarb should never be pulled during the Summer. The leaves are the lungs of the plant; keep enough leaves to completely cover the plant. Cut the center young stalks.

BIRDIE HURLERS EASY FOR TOUGH MILLER OUTFIT

MINNEAPOLIS, Minn., July 24 —Smarting under a double defeat, the Columbus Red Birds were to play the Minneapolis Millers again today. The victors—14 to 4 in the opener and 15 to 7 in the nightcaps—put the Millers within one game of the association leaders, the Kansas City Blues.

The Kels batted the Ohio pitchers almost at will. In the first game Nate Andrews, Bill Curlee and Lee Sherrill tried to halt the assault. In the second, Max Macon, Norm Kleinke and Curlee failed to do any better. The moundsmen permitted 27 hits for a total of 29 runs. Almost every Miller hit safely at least once.

Kansas City remained on top in the American association race by splitting a double header with the Indianapolis Indians. The Indians took the first 6 to 4 and the Blues the second 2 to 1.

The Louisville Colonels slugged their way to two victories over Milwaukee: 9 to 6 and 10 to 4. St. Paul took two from the Toledo Mud Hens; 6 to 3 and 5 to 0.

Present statistics on hogs indicate the production of 83,000,000 head in 1939. When the average yearly production was more than 80,000,000 head in 1931-33, the average Chicago market price was \$4 a hundredweight. Present industrial and economic conditions prevent recurrence of those low prices.

Dahlias must be watched in August for leafhoppers. A pyrethrum spray will control this common pest if used every week or ten days.

Byron Nelson Replaces Guldahl in Western

CHICAGO, July 24—By adding the Western Open golf title to his recently acquired National Open championship, Byron Nelson of Reading, Pa., appeared today to be taking up where Ralph Guldahl left off when his putter started going haywire.

Nelson, a native of Texas as is Guldahl, won the Western yesterday by coming home over the final 18 on Medinah Country Club's tricky No. 3 course with 71 for a 72-hole total of 281—two under par.

This ended Guldahl's three year domination of the event, just as Nelson's victory in the National relieved Big Ralph of a kinship he had enjoyed for two consecutive years.

Guldahl never threatened as he fought for his fourth straight Western championship, and wound up ninth in the list when he stroked a 74 yesterday to give a total of 291 for 72 holes. The defending champ's putter simply wouldn't work for him, just as it had refused to work all season.

Lloyd Mangrum, of Los Angeles finished a strong second to Nelson with 282, while Henry Picard, Hershey, Pa.'s "chocolate soldier," rounded out his play with 284, thus giving Nelson revenge for his extra-hole defeat by Picard in their battle for the P.G.A. title.

Dick Metz of Chicago, who set the pace the first two days, was a stroke further off the pace with 285 and next came Denny Shute of Huntington, W. Va., with 287. "Slingin' Sam" Sneed of White Sulphur and Chicago's Ky Laffoon tied for sixth position with 288's; Jimmy Hines of Lakeville, N. Y., had 289; then came Guldahl with his 291. Two strokes ahead of Vic Ghezzi of Philadelphia, who settled for 293.

Wilfred Wehrle of Racine, Wis., was the high among amateurs with his 294, where he tied with three pros—Johnny Bulla, Chicago, Bob Stupp, Chicago, and Al Huske of Dekalb, Ill.

Nelson won \$750 for his three day's work; Mangrum won \$450; Picard \$300, and Metz \$200. The rest of the purse was distributed on a scale ranging from \$150 down. Prizes for amateurs had an aggregate value of \$650.

MORE ARRESTS MAY BE MADE IN HORSE CASE

NEW YORK, July 24—Further arrests were anticipated today in the investigation of the doping of Sun Plume at Belmont Race track on June 5 for which a Broadway waiter and two race-track helpers have been taken into custody as suspects.

Those arrested were Peter Panza, 44, a waiter, booked on a charge of interfering with animals engaged in racing, a felony, and Allen Maciasae, 19, exercise boy at Empire City, and Harvey Keppler, 19, an apprentice jockey at Belmont, both held as material witnesses.

Sun Plume had been fed a doped carrot, it was charged by police, but the attempt failed because the horse ejected the carrot after chewing it. A saliva test, however, showed evidence of dope, according to track officials. The owner of the horse, in conformity with track practice, has been indefinitely suspended although no charges have been made against him.

MANY HORSEMEN PICK CHALLEDON OVER 'BIG JOHN'

CHICAGO, July 24 — The percentage players were backing Challedon today for the 1939 three-year-old championship after his sound defeat of Johnstown in the classic stakes at Arlington Park Saturday.

Although the argument was far from settled, with many horsemen still stringing along with William Woodward's "Big Jim," those who insist the record tells the story make W. L. Brann's horse their choice for the championship.

These percentage players point out that Challedon now holds two victories over "Big John"—in the Classic Stakes and the Preknex Stakes—while the latter took the measure of Challedon only in the Kentucky Derby.

There seemed little room for argument that Johnstown was a soundly beaten horse Saturday, finishing six lengths back of Challedon and in third place, with Sun Lover second in the mile-and-a-quarter test.

Johnstown set a terrific pace to lead the field three quarters of the way around, but failed badly in the stretch. Why "Big John" failed was the crux of the "championship" argument. Jockey Jimmy Stout's only answer was that the horse failed to respond and simply didn't seem to want to run. Those loyal to Johnstown, however, that the track Challedon backers say a real champion will run on any kind of track.

The argument seems certain to continue indefinitely.

BIRDIE HURLERS EASY FOR TOUGH MILLER OUTFIT

MINNEAPOLIS, Minn., July 24 — Smarter under a double defeat, the Columbus Red Birds were to play the Minneapolis Millers again today. The victories—14 to 4 in the opener and 15 to 7 in the nightcaps—put the Millers within one game of the association leaders, the Kansas City Blues.

The Kels batted the Ohio pitchers almost at will. In the first game Nate Andrews, Bill Curlee and Lee Sherrill tried to halt the assault. In the second, Max Macon, Norm Kleinke and Curlee failed to do any better. The moundsmen permitted 27 hits for a total of 29 runs. Almost every Miller hit safely at least once.

Kansas City remained on top in the American association race by splitting a double header with the Indianapolis Indians. The Indians took the first 6 to 4 and the Blues the second 2 to 1.

The Louisville Colonels slugged their way to two victories over Milwaukee: 9 to 6 and 10 to 4. St. Paul took two from the Toledo Mud Hens: 6 to 3 and 5 to 0.

Byron Nelson Replaces Guldahl in Western

CHICAGO, July 24—By adding the Western Open golf title to his recently acquired National Open championship, Byron Nelson of Reading, Pa., appeared today to be taking up where Ralph Guldahl left off when his putter started going haywire.

Nelson, a native of Texas as is Guldahl, won the Western yesterday by coming home over the final 18 on Medinah Country Club's tricky No. 3 course with 71 for a 72-hole total of 281—two under par.

REDLEGS REST AFTER WHIPPING PHILLIES TWICE

Thompson And Moore Hurl For Cincinnati; Lead Now Nine Games

PHILADELPHIA, Pa., July 24 —The Cincinnati Reds took a well-earned rest today to recuperate from their double victory over the Phillies that put them nine games ahead in the National League pennant race. No major league games were scheduled for today.

More than 23,000 turned out to watch Philadelphia play the circuit leaders. The first game went 11 innings and ended 5 to 2. The second was a 4 to 0 shutout with Whitely Moore on the mound.

The opener was a thriller from start to finish, with Hugh Mulcahy, right hander for the Phillies, permitting 10 hits. Poor fielding cost the easterners the game. Eugene Thompson was credited with the victory, his fourth of the season, although he gave 14 blows.

The St. Louis Cardinals beat the Dodgers, 12 to 0 and 8 to 2, with Bob Bowman winning the opener, —a three-hitter in which he fanned 10 Dodgers.

The Chicago Cubs rallied in the ninth to hand the New York Giants their ninth straight defeat, 7 to 5.

Lou Fette Pitches
The Pittsburgh Pirates trimmed the Boston Bees, 3 to 2, then dropped the nightcap, 1 to 0, this being the East's lone triumph on the Sabbath and being achieved by Lou Fette, who hurled his sixth shutout of the season. This one was a six-hitter.

The Boston Red Sox made up some ground on the pace-setting New York Yankees in the American league by downing the St. Louis Browns twice, 13 to 5 and 11 to 3, while the Yanks were splitting with the Chicago White Sox. The latter won the first game, 8 to 5 and the Yanks took the nightcap, 5 to 4 to now lead the Red Sox by 7 1/2 games.

Cleveland beat Washington, 11 to 2 and 4 to 3 and Detroit trounced the Philadelphia Athletics, 16 to 3.

HOLLANDERS WIN 8 TO 3 IN GAME WITH SABINA '9'

Chuck Graves, moundman for the New Holland Helfricks, gave Sabina, his home town team, two run spot in a baseball game at New Holland, Sunday, but blanked his opponents from that time until the ninth frame to win an 8-3 game. Graves was in excellent form, giving up only eight safeties and proving invincible from the second inning through the eighth.

His mates hopped on Lucas, Sabina hurler, in the third frame for five markers. Stevenson with a triple and single led the hit parade for the winners.

Plant In Ashville To Have Complete New Line To Process Pumpkins

Canning plants in Circleville and throughout the county were being put in readiness Monday for the opening of the beet and sweet corn pack.

Arrangements were being made at the Winorr Canning Co., Circleville, to start packing beets on Tuesday. This pack is expected to last 10 days. Company officials believed the sweet corn pack would open about Thursday.

The Crites canning factory at Ashville will probably be opened for the sweet corn pack about next Monday. The company's plants in New Holland Jeffersonville will open about Aug. 10. Packing of sweet corn at the Tuscola, Ill., plant of the company will start about Aug. 15.

Reports from packers indicate the sweet corn crop will be about normal. The first corn packed is Golden Bantam, followed by Narrow Grain.

The Crites Co. announced a complete new line of pumpkin packing machinery is being installed in the Ashville plant. Officials said the new line will boost the capacity of the plant to between 150 and 200 tons daily.

The Esmeralda Canning Co. is not packing sweet corn this year.

TWO AIR ARTISTS IN CIRCUS HURT IN 40-FOOT FALL

CHICAGO, July 24—Two women "air artists" of the Ringling brothers and Barnum and Bailey circus were in a Chicago hospital with painful injuries today after they fell 40 feet to the center ring at last night's performances.

The two are Mrs. Ida Walkmir, 32, of Trieste, Italy, and Miss Kathie Strehl, 22, of Berlin, Germany. They fell while enacting a specialty they do with Mrs. Walkmir's husband, Gaultier, who balances a pole on his head on which the women in turn perform. Mrs. Walkmir suffered a broken arm and possible internal injuries, while Miss Strehl fractured several ribs and also sustained possible internal injuries.

Some women among the 10,000 spectators fainted when the accident happened.

President, Farley Keep Party Big-Wigs Guessing

HYDE PARK, N. Y., July 24—President Roosevelt and Postmaster General Farley had political circles guessing today.

Here at the President's Hudson river estate a noonday ceremony was arranged wherein Mr. Roosevelt would sign over the deed to the north twelve acres where the Franklin D. Roosevelt library eventually will be erected.

Farley, an overnight guest, remained for the ceremonies, which included still and newsreel pictures. And it was recalled that one picture was very valuable as against a news story.

Three groups were waiting hopefully for possible word on how the President and his campaign manager might get together on a third term issue for the executive.

Anti-New Deal Democrats, "inner circle" White House boys who would like to get the postmaster general out of the cabinet, and Republicans were the three divergent elements who apparently hoped Mr. Roosevelt and Farley would come to a parting of the political ways.

Big Jim, who doubles in brass as Democratic national chairman, denied prior to his arrival at Hyde Park that he had told "conservative" senators it would be impossible for him to support the President for a third term.

The President and Farley motored over a wooded country road yesterday. Whether they discussed and settled the 1940 problem no one learned. It was carefully explained by Mr. Roosevelt that his cabinet aide had been invited to Hyde Park for a farewell social call in advance of Farley's European vacation.

After motoring around the Roosevelt estate in the front seat of the touring car that the President personally drives, Farley spent the night at Hyde Park.

Today, Mr. Roosevelt was staging a ceremony that will make his family estate eventually a public point of call. Congress a few days ago passed the act whereby the government will accept the Hyde Park property on a privately-subscribed library building to house all of his official, political and personal papers.

Frank C. Walker, original Roosevelt campaign treasurer, arranged today's solemnification of the signing away of the deed to the 12 acres in the north field. Walker has raised the money to erect the library building on that field which is to house the President's papers.

Present also were Dr. R. D. W. Connor, national archivist; George Allen, commissioner of the District of Columbia; Ernest K. Lindley, columnist and Roosevelt biographer; L. A. Simon, William J. Moore, and N. W. Epstein.

Twenty-two years ago, Lon Kinder told us, he drained the once known Greenfield, three-acre pond and in the following years of this drainage he has lost by flood waters only three crops, this year, 1924 and another date he does not recall. Considering that this plot of drained land is near seven feet lower than that surrounding it a three-crop loss in 22 years isn't so very bad, he thought. Years previous to the drainage, thousands and thousands of "pumpkin seeds and bull heads" sun and cat fish, inhabited the waters of this small lake. It was great sport for fishermen to row about over this inland water and take in a couple of hours, an arm's length string of these "dear little ones."

MANY SPY CASES KEEP F. B. I. MEN BUSY IN YEAR

WASHINGTON, July 24—A record-breaking number of espionage cases for a peacetime year were handled by the Federal Bureau of Investigation during the 12 months ending June 30, Chief J. Edgar Hoover reported today.

A total of 1,651 new spy cases was received by the F. B. I. during the year, an increase of 1,401 over the previous 12 months. Normally, the government investigates an average of only 35 espionage cases each year.

The bureau gave no details about the cases nor would it comment on the espionage activity of any individual foreign power.

The task of tracking down spies is now largely in the F. B. I.'s hands as the result of a recent coordination of county espionage forces. The intelligence services of the army and navy cooperate with the justice department in this activity.

At the same time, the bureau reported that two out of the 156 kidnapping cases occurring since adoption of the Lindbergh law are still unsolved. These are the Mattson and Levine cases.

"I saved a dollar today"

It's a great satisfaction to look over the day's accounts and find you've been able to save money by careful buying.

Knowing where to buy is part of the trick. But knowing how to buy is a bigger part. The wise "business manager" of the home plans her shopping as skilfully as a business man plans to spend a thousand dollars.

Advertisements help greatly, of course. On daily necessities like meats, fruits, vegetables, they show you how to save 2c here, 3c there, adding up to much. But advertisements are just as helpful on larger purchases—furniture, drapes, motor cars, clothing. Followed carefully, advertising saves you money all down the line . . . helps you run the household more economically . . . gives the budget a chance to breathe!

35 FILE PAPERS FOR WHEAT LOAN ON 1939'S CROP

Thirty-five applications for wheat loans, including 14,655 bushels, have been filed to date with the Pickaway County Agricultural Conservation association.

Officials of the association predict there will be approximately 250 loans filed in Pickaway county on the 1939 crop. Loan rate for the county is 73 cents a bushel on No. 2 wheat. Last year only 15 loans were filed. Last year's rate was 70 cents a bushel and announcement of the loan plan was too late for many farmers to take advantage of the program.

Farmers cooperating under the agricultural conservation program in 1939, who are within their wheat acreage allotment, are given the advantage of obtaining a loan on their wheat.

The county association is checking farms at present for compliance with the 1939 program.

A total of 1,651 new spy cases was received by the F. B. I. during the year, an increase of 1,401 over the previous 12 months. Normally, the government investigates an average of only 35 espionage cases each year.

The bureau gave no details about the cases nor would it comment on the espionage activity of any individual foreign power.

The task of tracking down spies is now largely in the F. B. I.'s hands as the result of a recent coordination of county espionage forces. The intelligence services of the army and navy cooperate with the justice department in this activity.

"I saved a dollar today"

It's a great satisfaction to look over the day's accounts and find you've been able to save money by careful buying.

Knowing where to buy is part of the trick. But knowing how to buy is a bigger part. The wise "business manager" of the home plans her shopping as skilfully as a business man plans to spend a thousand dollars.

Advertisements help greatly, of course. On daily necessities like meats, fruits, vegetables, they show you how to save 2c here, 3c there, adding up to much. But advertisements are just as helpful on larger purchases—furniture, draperies, motor cars, clothing. Followed carefully, advertising saves you money all down the line . . . helps you run the household more economically . . . gives the budget a chance to breathe!

Suppose it is the other fellow's fault, CAN YOU PROVE IT?
